325 N Cedar Bluff Rd, Knoxville, TN 37923

An offering of \$40 per person, per session or  
\$108 for all 3 sessions is requested.

This satsang is based on the ancient inter-spiritual science of Kundalini Vidya, an exquisite, practical, and comprehensive understanding of spiritual development that explains the spiritual journey from beginning to end. Based in scripture, lineage, and direct experience, Kundalini Vidya blends Yoga and Vedanta and offers precise explanations that clarify the hows and whys of spiritual progress and practice. Relevant to sincere seekers of every path, this universal yet rarely available teaching provides a thorough understanding of subtle body physiology that affects the ways in which individuals experience, proceed in, and are limited in their progress toward Self-Realization. By implementing correctly prescribed individualized methods based on an accurate assessment, sincere seekers can advance their spiritual progress to enjoy awareness of the divine Light, Love, and Life within. Then they can safely purge long-standing inner obstacles and reside in the deep abiding peace of their own true nature, experiencing their oneness with the One.
